👤 PROFILE

I am a Developer passionate about creating interactive and responsive web applications. I have experience working with HTML, CSS, PHP (Laravel), MySQL, and Git, as well as modern front-end technologies like React and Next.js. Additionally, I have knowledge of Cloudflare for optimizing performance and security. I am a quick learner, always eager to expand my knowledge and skill set. As a team player, I am excited to collaborate with others to develop amazing applications.
